

MYSTIC MUSEUM OF ART

AMERICANA PROSPECTUS

MMoA's 64th Regional Themed exhibition is going ONLINE in 2020!
Open to all artists working in all media, *including photography*

DATES and DEADLINES

Submission Period: Monday, June 1 – Saturday, June 13, 2020

Exhibition Dates: July 4 – September 26, 2020

SUBMISSION REQUIREMENTS and DETAILS

- Each artist may submit one (1) entry, with guaranteed inclusion so long as it adheres to the theme. All media will be accepted, in both 2D and 3D. There is no submission fee.
- There will be no juror, and no prizes will be awarded
- Artwork must be original in concept and execution in accordance with the theme of AMERICANA
- All artists must include a short statement (approximately 100 words) interpreting their vision of the theme, and how they have explored it in their artwork
- Artists must be 16 years or older
- There are no size restrictions on artwork
- HOWEVER, submitted images of art should be:
 - 800 pixels (approximately 11 inches) on the longest edge
 - 72dpi resolution
 - File size 5MB or under

This will allow artwork to appear at a high quality on a computer monitor or phone screen, but not at a resolution high enough to print (no piracy on our watch!)

- 2D artwork images should feature the artwork level to the camera, not angled. The image should be cropped to show only the artwork (inclusion of mat and/or frame is up to the artist)
 - A helpful resource for tips and tricks for photographing your work can be found at Artwork Archive: <https://tinyurl.com/photo-tips-and-tricks>
- 3D artwork should feature a white or neutral background
- Non-adherence to these image specifications will not preclude artwork from being included, but MMoA strongly recommends following these guidelines to best display your artwork!
- MMoA will be able to link artist websites or email addresses to their artwork, so that interested buyers may contact artists directly. MMoA shall take no sales commission. MMoA would appreciate a reciprocal link from artists' websites.
